4. During the course of arguments, OP was directed to produce the K.No. files of the connections already released by OP. From perusal of the said K.No. files, it is revealed that earlier the connections were released in the subject premises on the basis of BCC.
5. Heard arguments of both the parties at length.
6. We have gone through the submissions made by both the parties. From the narration of facts and material placed before us, we find as under:
  - a) The complainant has applied for new electricity connections on premises no. R-151, Ramesh Park, Laxmi Nagar, Delhi which OP rejected on pretext of building booked by MCD vide letter no. EE(B)-II/Sh(s)/2018/D-2051 dated 10.09.2018.
  - b) The building in question was booked by MCD in the year 2018, whereas the OP has released ten connections in the said building in the year 2020, i.e. almost two years after MCD booking.
  - c) K.No. files of all the ten connection were called and from the perusal of said files, it was revealed that the connections were released by OP on the basis of BCC filed by the complainant.
  - d) The said BCC was issued by Architect Karan Singh Yadav, who is now de-barred by MCD as per screenshot of MCD website submitted by the OP.
  - e) The Architect was de-barred by MCD for a period of three years from 06.11.2020 onwards whereas the BCC issued to the complainant was on 26.10.2020 which is before ~~there~~ the date of de-barring the Architect.

7. In view of the above, we are of considered opinion that the new connection as applied for by the complainant can be granted as the complainant has already submitted BCC and the only objection which OP takes on the BCC is that the Architect who issued BCC was de-barred by MCD but the BCC was issued earlier than the de-barring of the Architect and OP has not placed on record any documentary proof in this regard.
