6. LR of the OP submitted that it is the complainant's premises which are booked by MCD. The address in MCD list is A-78, Jhilmil Industrial Area and the complainant applied for new connection at no. premises A-78, third floor, Jhilmil Industrial Area. The MCD list nowhere mentions the floor, thus it appears that the entire building is booked by MCD. Thus, the complainant is advised to submit either NOC from MCD or BCC.
7. As far as legal position is confirmed according to DER (Supply Code and Performance Standards) Regulations 2017, Rule 10 (3) for the new connection proof of ownership or occupancy is required. Performa for new connection has been provided in DER (Supply Code and Performance Standards) Regulations 2017 as annexure 1, seven declarations are required as per performa and in this case 5th one is important "that the building has been constructed as per prevalence building bye-laws and the fire clearance certificate, if required, is available with the applicant."

DER (Supply Code and Performance Standards) Regulations 2017, Rule 11 (2)(iv)(c) shows that "the Licensee shall not sanction the load, if upon inspection, the Licensee finds that;

(c) the energization would be in violation of any provision of the Act, Electricity Rules, Regulations or any other requirement, if so specified or prescribed by the Commission or Authority under any of their Regulations or Orders.
